Third Annual Robotics Camp in Monday through Wednesday, August 6-8, 2012; Camp geared for students ages 9-14

By Itollefs on Monday, June 4, 2012

The University of Minnesota Crookston campus will hold its third annual summer Robotics Camp from Monday through Wednesday, August 6-8, 2012. The three day camp is geared for students between the ages of 9-14 and runs from 8:45 a.m. to 4:30 p.m. each day. The cost for the camp is \$80, and it will take place in Evergreen Hall on the Crookston campus.

Students should bring a bag lunch for the first two days. Lunch will be provided for participants on the last day. The robotics camp is limited to 30 participants.

Learning about robotics is a fun and challenging way for students to experiment, learn the skills needed to program a robot and work as a team. Students will learn about the math, science, and technologies that go into making a robot. Each student will be issued a complete Lego MINDStorm Nxt 2.0 robotic kit and a laptop to be used during the camp. At the end of the session, participating students may purchase a Lego MINDStorm kit.

For more information go to camp [Web site](#).

Today the University of Minnesota Crookston delivers 26 bachelor's degree programs, 18 minors, and 36 concentrations, including 10 online degrees, in the areas of agriculture and natural resources; business; liberal arts and education; and math, science and technology. With an enrollment of 1,600 undergraduates from 25 countries and 40 states, the Crookston campus offers a supportive, close-knit atmosphere that leads to a prestigious University of Minnesota degree.
